

## Final Conference SAVEMEDCOASTS-2 Project

### "Sea level rise scenarios along the Mediterranean coasts"

June 17, 2022 | Rome | INGV Conference Room

[www.savemedcoasts2.eu](http://www.savemedcoasts2.eu)

### PROGRAM

09:30-10:00	Registration of participants – welcome coffee.
10:00-10:15	Welcome by Jair Lorenzo, INGV General Director, Leonardo Sagnotti, Director of the INGV Environment Department and Marco Anzidei Coordinator SAVEMEDCOASTS-2.
10:15-10:30	Leonardo Sagnotti (INGV) - A brief introduction to the INGV.
10:30–10:45	Przemyslaw Jankowski (DG ECHO) - Situational Awareness Sector - Policy Officer. A brief introduction to DG ECHO and its links to SAVEMEDCOASTS-2 project.
10:45-11:00	Marco Anzidei (INGV). Project Coordinator - The SAVEMEDCOASTS-2 Project: an overview.
11:00-11:15	Charalampos Georgiadis (AUTH) - High resolution and high accuracy 3D mapping for sea level rise scenarios.
11:15-11:30	<b>Coffee break</b>
11:30-11:45	Antonio Falciano and Lucia Trivigno (CGIAM) - The SAVEMEDCOASTS-2 webGIS: a decision support tool for coastal spatial planning
11:45-12:00	Michele Crosetto (CTTC) and Cristiano Tolomei (INGV) - Land subsidence in the test sites from InSAR analysis.
12:00-12:15	Marco Anzidei (INGV) - Relative sea level rise projections in the test sites for 2100 (INGV).

12:15-12:30	Michele Greco (FARBAS) and Antonio Falciano (CGIAM) - Storm surge scenarios and cascading effects in sea level rise conditions.
12:30-12:45	Anita Grezio (INGV) - Probabilistic Tsunami Hazard Assessment (PTHA) in the Mediterranean in sea level rise conditions: some examples.
12:45-13:00	Silvia Torresan (CMCC) - Assessing sea level rise risks and resilience initiatives in the Venice lagoon (CMCC).
13:00 -13:15	Claudia Ferrari (COV) - The integration of SAVEMEDCOASTS-2 results into the adaptation plan of the Venice lagoon: climate risk, actions and participation.
13:15-14:00	<b>Networking Lunch</b>
14:00-14:15	Demetra Orthodoxou and Xenia Loizidou (ISOTECH) - Stakeholder analysis and development of policy tools for SLR adaptation in test sites in Venice, Basento, Ebro Delta, and Chalastra (ISOTECH).
14:15-14:30	Gemma Musacchio (INGV) - Communicating SLR: the SAVEMEDCOASTS-2 approach to foster engagement (INGV).
14:30-15:15	Discussion Panel on the SAVEMEDCOASTS-2 data and results (coordinated by INGV).
15:15-15:45	<b>Wrap up and conclusions</b>
15:45-16:30	Visit to the seismic and tsunami monitoring room.
